Course Overview

This course is designed to update the holders of a current unrestricted electricians licence and 4th Year apprentice Electrotechnology electricians in current testing procedures, applicable to the Western Australian Electrical Requirements and Australian/New Zealand Standards.

The 'Checking and Testing an Electrical Installation' course draws on skills taught during modules WAE100 Electrical Requirements and UEENEEG005B Verify Compliance and Functionality of Electrical Installations.

The course requires applicants to demonstrate competence in completing practical tasks involving fault identification and producing the required test results whilst adhering to current standards and requirements.

Learning Outcomes

- Identify required processes under current WA Legislation and in accordance with Australian/New Zealand Standards when checking and testing an electrical installation.
- Demonstrate in accordance with current WA Legislation and Australian/New Zealand Standards correct testing procedures to ensure the safety of an electrical installation.
- Demonstrate how test results comply with current WA Legislation and Australian/New Zealand Standards.
- Document test results and notify in accordance with current WA Legislation and Australian/New Zealand Standards.

Entry Requirements

To gain entry to this course applicants must be either an apprentice Electrotechnology Electrician or the holder of a current Unrestricted Electricians Licence.

***Evidence of an Electrical Workers Licence must
be presented in order to confirm your enrolment**

Certification

Upon successful course completion applicants are provided with a Statement of Attendance.

Course Attendance and Duration

Full time - 1 day (8 hours)

Skills Recognition

Our skills recognition process benefits students, who have achieved prior training skills or knowledge and applies to Skills Recognition, Recognition of Prior Learning (RPL), Credit Transfer, Advanced Study or Exemption.

If you believe you are entitled to any of the abovementioned we encourage you to fill out the Application Form for Skills Recognition, which is available from our administration team. Your application will be assessed on an individual basis.

Course Materials

Students are required to obtain the following materials or reference during this course (available for purchase at the CET):

- AS/NZS 3000:2007 - SAA Wiring Rules and all amendments
- AS/NZS 3017:2007 - Electrical Installations - Testing guidelines

How to Enrol

Complete the enclosed course registration form and return the form to the College of Electrical Training together with your payment of course fees.

Course Fees

Subsidised course fees may be available to persons currently working in the building and construction industry or unemployed persons who have worked in that trade in the previous 6 months.

The fee subsidy does not apply to persons working in the security and mining industries and Government employees.

Please refer to the course registration form for current subsidised and non-subsidised course fees.

To be eligible for subsidised course fees students must sign the 'Fee Subsidy Declaration' on the course registration form and Work History Form.

Both the Work History Form and a Credit Card Authority Form for payment can be downloaded from our website.

Cancellation Policy

8 days or more prior to course commencement 100% fee refund

2 to 7 days prior to course commencement 90% fee refund

1 day or less prior to course commencement Nil fee refund
