Course Overview

This course is the second in a series and aims to re-fresh students on the previous course outcomes and introduce additional areas where potential electrical incidents could occur and training is required. It reinforces the need for the electrical worker to be extra careful when working in certain electrical situations. The training of this course addresses the need to eliminate electrical incidents by providing knowledge, raising awareness and reinforcing the need for safe working practices in the industry.

Course Content

- ✓ Risk Assessment
- ✓ JSA's in the Workplace
- ✓ Personal Protective Equipment
- ✓ Supervision Requirements
- ✓ Isolation and Tagging procedures
- ✓ Testing of Installations and Equipment

Prevention of Electrical Incidents 2

FEE SUBSIDY DECLARATION

I _____ (full name)

(please tick)

- Am currently working in the Building & Construction Industry
- Am currently unemployed and have worked in the Building & Construction Industry in the past 6 months

Please note: If the CTF declines this subsidy application you will be required to pay the full (non subsidised) fee immediately- persons working in the mining industry, for the government or the armed service are not eligible for the subsidy.

Name of Employer _____
(required to claim the fee subsidy)

(Signature) (Date)

NOTE: The CTF subsidy reduces the student fee by up to 80%.

The Supplementary Skills Program is subsidised by the Construction Training Fund Board and we would like to acknowledge the Board's continued support of skills development in the building and construction industry.

The College of Electrical Training (CET) is the major private training provider for the Western Australian electrical and telecommunications industries.

Excellence in customer service is our priority and you will find that in comparison with other colleges the CET is outstanding. We offer modern 'state of the art' facilities and quality training by industry for industry.
