

CET POST TRADE & TELECOMMUNICATION

Electrical Contractor Training Program (Nominee Modules)

OVERVIEW

In WA, the Electricity (Licensing) Regulations 1991 provide that electrical contracting work may only be carried out by persons holding the appropriate electrical licence as issued by the Electrical Licensing Board.

This Building and Energy approved course satisfies the Electrical Contractor Training Program (ECTP) and provides licensed electricians with the training, skills and knowledge required to identify, investigate and apply statutory and legislative requirements, manage jobs and operate a business and inspect and test electrical installation work according to regulatory requirements.

Please note that successful completion of the Electrical Contractor Training Program requires learners to complete all Nominees and Business Modules. Full course details can be found at <https://bit.ly/3QXel0s>.

REQUIREMENTS

Entry to module WAE200 will require applicants to hold a current WA Unrestricted Electrician's Licence. You need to work through the Pre Reading document provided prior to course commencement and complete the associated Practice Activities.

CONTENT

Nominees module

WAE200 Electrical operational requirements

DURATION

Nominee modules 5 days full time

PRICE

Nominees modules \$1,150

CET benefits from the Construction Training Fund (CTF) grant program that reduces costs incurred in employment and training of apprentices in the construction industry
