

CET GENERAL COURSE

First Aid

OVERVIEW

This course provides the skills and knowledge required to perform cardiopulmonary resuscitation [CPR], respond to life threatening emergencies and to provide a first aid response to a casualty in line with legal, workplace, community considerations and Australian Resuscitation Council (ARC).

The course covers topics such as assessing the casualty, providing safety, accessing emergency services, and using resources to provide first aid, such as providing CPR and using a defibrillator - please visit cet.asn.au for a complete list of course topics and inclusions.
